CGS

Condizioni generali di vendita

Le presenti Condizioni Generali di Vendita (d'ora in avanti «CGV») della società C.G.S. S.r.l. (d'ora in avanti «CGS») si applicano a qualsiasi ordine effettuato a CGS da parte di un Acquirente professionista (d'ora in avanti «l'Acquirente») per tutte le consegne effettuate in tutti i Paesi in cui CGS opera. Qualsiasi ordine di prodotti o di prestazioni di servizio comporta, quale condizione essenziale e determinante, l'accettazione senza riserve da parte dell'Acquirente delle presenti CGV che costituiscono la base della negoziazione commerciale, in conformità delle disposizioni degli articoli del Codice del commercio in vigore nei vari Paesi, e la relativa rinuncia da parte dell'Acquirente a qualsiasi altra condizione contraria, a tutte le condizioni generali o particolari dell'Acquirente, incluse le eventuali condizioni di acquisto e gli ordini di acquisto, i contratti di riferimento e i contratti di esercizio commerciale, ogni volta che tali condizioni e/o contratti non abbiano ricevuto il preventivo consenso scritto di CGS. La negoziazione commerciale tra CGS e l'Acquirente dovrà essere condotta nel reciproco rispetto degli interessi delle Parti con lealtà e buona fede.
Le presenti CGV sono modificabili in qualsiasi momento, fermo restando che qualsiasi eventuale modifica sarà notificata all'Acquirente e che essa entrerà in vigore un (1) mese dal ricevimento della notifica.

PREZZO
I prezzi indicati nel presente Listino prezzi al pubblico sono indicativi e non vincolanti se non vengono confermati da CGS. Essi si intendono al netto delle imposte e sono espressi in Euro "franco fabbrica". Tale Listino prezzi annulla e sostituisce tutte le edizioni precedenti, fatti salvi errori ed omissioni. Il Listino prezzi al pubblico rappresenta lo strumento di riferimento più aggiornato. Eventuali errori di tale Listino prezzi al pubblico non costituiscono motivo di reclamo. Qualsiasi ordine effettuato comporta l'accettazione di tutte le condizioni di vendita riportate di seguito. CGS si riserva il diritto di aumentare i prezzi in qualsiasi momento, in particolare in caso di aumento dei costi di produzione legati ad un aumento del prezzo delle materie prime.

PRODOTTI
1. I prodotti oggetto delle presenti CGV sono definiti con riferimento al catalogo di CGS, il quale non può in alcun caso costituire documento contrattuale.
2. I prodotti sono fabbricati con la massima accuratezza possibile, fermo restando le tolleranze in uso nel settore in questione. CGS si riserva la possibilità di modificare in modo unilaterale le caratteristiche dei prodotti venduti in base ai miglioramenti raccomandati dai propri servizi, e questo senza obbligo da parte sua di modificare i prodotti consegnati in precedenza o i prodotti in corso d'ordine, e senza che le stampe, le descrizioni e le informazioni riportate a titolo pubblicitario sui documenti commerciali di CGS possano essere contestate all'azienda.

ORDINI
Gli ordini sono subordinati all'accettazione di CGS e si intendono subordinati alla totalità delle condizioni di vendita stabilite. Gli ordini si intendono accettati ai prezzi e alle condizioni in vigore alla data dell'ordine. Gli ordini e le modifiche comunicati verbalmente e per telefono dovranno essere confermati dal cliente tramite posta, fax o e-mail. Eventuali annullamenti potranno essere autorizzati soltanto previo benestare scritto di CGS, che si riserva di applicare le penali che ne potrebbero conseguire o si riserva il diritto di rifiutarli.
CGS si riserva il diritto di richiedere all'Acquirente il pagamento anticipato dell'ordine. L'ordine sarà considerato certo e definitivo soltanto successivamente all'incasso da parte di CGS del prezzo fatturato.

CONSEGNE / TRASPORTO / TRASFERIMENTO DEI RISCHI
1. Salvo se non diversamente specificato, la consegna sarà effettuata all'indirizzo indicato dall'Acquirente al momento dell'ordine. Indipendentemente dalla modalità di spedizione dei prodotti, e in deroga alla clausola di riserva di proprietà stabilita nelle CGV di cui in appresso, i rischi e pericoli sono trasferiti all'Acquirente al momento della consegna fisica delle merci al primo trasportatore. Se la spedizione subisce ritardi a causa del comportamento dell'Acquirente o per una causa indipendente dalla volontà di CGS, il trasferimento dei rischi avverrà al momento della comunicazione all'Acquirente di una notifica di fornitura dei prodotti.
2. I tempi di consegna, menzionati nella conferma dell'ordine, sono forniti esclusivamente a titolo indicativo in funzione delle disponibilità dei prodotti e del trasporto, a meno che non venga espressamente menzionato che eventuali ritardi hanno natura tassativa.
3. I termini di consegna eventualmente accettati da CGS sono di pieno diritto sospesi in seguito a qualsiasi evento che esuli dal controllo di CGS e che provochi un ritardo nella consegna, ed in particolare in casi di forza maggiore, ossia qualsiasi evento indipendente dalla volontà di CGS o di uno dei suoi fornitori, prevedibile e inarrestabile, di qualsivoglia natura, catastrofe naturale, pandemia, intemperie, sabotaggio, embargo, sciopero, interruzione o ritardo nei trasporti o nell'approvvigionamento di materie prime, energia o componenti, incidenti delle macchine utensili, che ha l'effetto di rendere il contratto ineseguibile in modo temporaneo o definitivo. L'elenco dei casi di forza maggiore non è limitativo. CGS informerà l'Acquirente in caso di sopravvenienza di un evento di forza maggiore. In questo caso, i termini di consegna indicati saranno automaticamente prorogati in misura proporzionale. Qualora, nonostante i propri sforzi, CGS si trovi nell'impossibilità di consegnare le merci ordinate per cause di forza maggiore, CGS sarà esonerata dal proprio obbligo di consegna.
4. I ritardi di consegna non potranno dar luogo né a penali, né a risarcimenti, né ad annullamenti degli ordini, né a rifiuti di consegna, né tanto meno a sospensioni dei pagamenti delle fatture, salvo preventivo accordo scritto fornito da CGS, e questo nonostante l'esistenza di clausole contrarie nelle eventuali condizioni di acquisto dell'Acquirente. In ogni caso, soltanto il pregiudizio realmente patito dall'Acquirente, dimostrato e valutato, potrà essere oggetto di una domanda di risarcimento la quale dovrà, ad ogni modo, essere presentata soltanto previo accordo tra le parti. In caso di mancato accordo, la stima del pregiudizio subito sarà stabilita da un perito incaricato dal Tribunale del commercio di Novara, su richiesta della parte più diligente.
5. Qualsiasi modifica di un ordine che sopraggiunga in corso di esecuzione, anche se accettata da CGS, comporta una proroga del termine di consegna previsto secondo le modalità comunicate da CGS all'Acquirente.
6. Spetta all'Acquirente verificare i prodotti al momento del ricevimento ed esprimere immediatamente qualsiasi riserva utile secondo le condizioni previste nelle presenti CGV. Qualsiasi reclamo sarà preso in considerazione soltanto se la merce si trova ancora nel medesimo stato in cui è stata consegnata.

ESCLUSIONE DI PENALI
Nessuna penale di qualsivoglia natura potrà essere fatturata o detratta dall'Acquirente, da un saldo di prodotti, senza che CGS abbia potuto verificare la sussistenza della violazione e del pregiudizio invocati dall'Acquirente in forza degli articoli dei Codici del commercio in vigore nei vari Paesi in cui CGS opera, e senza che CGS abbia fornito il proprio preventivo consenso scritto al riguardo. A tal fine, l'Acquirente dovrà fornire a CGS tutti i documenti finalizzati a consentire un'analisi comparativa della violazione invocata e attestante il pregiudizio realmente patito. CGS disporrà di un termine sufficiente per analizzare i documenti inviati e informare l'Acquirente in merito al proprio accordo o disaccordo circa la violazione invocata e l'entità del risarcimento richiesto. Qualsiasi addebito diretto da parte dell'Acquirente in violazione delle presenti disposizioni sarà assimilato a un incidente di pagamento che autorizzerà CGS a rifiutare qualsiasi nuovo ordine di prodotti e a sospendere qualsiasi consegna in corso dopo averne dato notizia all'Acquirente, o a sospendere il saldo di ristorni e altri vantaggi finanziari.

CLAUSOLE DI RISERVA DI PROPRIETÀ
Le nostre vendite sono perfezionate alla consegna delle merci, tuttavia la proprietà sarà trasferita all'Acquirente soltanto successivamente al pagamento effettivo e completo della fattura. Il trasferimento dei rischi ha luogo al momento della consegna e l'Acquirente deve garantire le merci contro qualsiasi rischio, inclusi quelli di caso fortuito o di forza maggiore. L'Acquirente e il suo assicuratore rinunciano anticipatamente a qualsiasi ricorso nei confronti di CGS. CGS autorizza la rivendita del materiale consegnato prima del pagamento integrale del prezzo, ma senza per questo rinunciare all'esercizio del proprio diritto di proprietà.

DATI IDENTIFICATIVI DEL CLIENTE
Il cliente è responsabile di tutti i dati identificativi forniti a CGS come ad esempio: ragione sociale, sede legale, partita IVA insieme a tutti gli altri dati richiesti specificatamente dalla legislazione vigente. I dati del cliente, ai sensi delle leggi in vigore nei diversi Paesi in cui CGS opera, saranno

conservati ed elaborati ai fini dell'assolvimento degli obblighi di legge. Tutti gli altri utilizzi dovranno essere accettati dal cliente.

IMBALLAGGIO E SPEDIZIONE

Gli imballaggi sono preparati da personale specializzato. Il prezzo pattuito si intende comprensivo del normale imballo. Nel caso di richieste particolari da parte del committente, verrà stabilito un prezzo speciale in funzione del costo aggiuntivo sostenuto. Gli imballi non si ricevono di ritorno.Le merci viaggiano a rischio e pericolo del cliente. Il destinatario è tenuto a controllare le merci consegnate e a contestare tempestivamente ai trasportatori gli eventuali danni al ricevimento della merce e ad informare CGS (anche se questi sono stati scelti da CGS).
Salvo accordi diversi, le spese di trasporto restano a carico del cliente.

PAGAMENTO E RITARDI

1. Ogni consegna successiva a un ordine dell'Acquirente dà luogo all'emissione di una fattura. Le fatture sono pagabili a CGS entro trenta (30) giorni dalla data della fattura, tramite bonifico bancario, salvo condizioni particolari concordate tra CGS e l'Acquirente. Tutti i pagamenti saranno effettuati al netto delle commissioni.
2. In caso di mancato pagamento alla scadenza, in forza degli articoli del Codice del commercio in vigore nei vari Paesi in cui CGS opera, saranno esigibili a pieno titolo e senza preavviso interessi di ritardo dal giorno successivo alla data di scadenza indicata sulla fattura fino al giorno del saldo completo.
3. In nessun caso i pagamenti dovuti a CGS potranno essere sospesi né essere oggetto di una qualsiasi riduzione o compensazione su iniziativa esclusiva dell'Acquirente, essendo indispensabile il preventivo benestare scritto di CGS, e ciò indipendentemente dalle eventuali disposizioni contrarie che potrebbero essere incluse nelle condizioni di acquisto dell'Acquirente.
4. In caso di ritardo o di mancanza di pagamento nonostante l'invio delle ingiunzioni, CGS si riserva il diritto, in relazione a qualsiasi ordine futuro, di esigere garanzie di pagamento nonché di esigere che la consegna della merce ordinata avvenga soltanto dietro pagamento integrale dell'ordine. Riguardo le ingiunzioni di pagamento restate senza effetto, CGS potrà chiedere la revoca della vendita, esigere il pagamento immediato delle merci consegnate, sospendere qualsiasi consegna e/o annullare qualsiasi ordine in corso fino al saldo completo di tutte le somme dovute. In caso di revoca, l'Acquirente dovrà rimborsare a CGS tutti i costi legati alla conclusione del contratto come anche il mancato guadagno. In caso di mancato pagamento totale o parziale anche soltanto di una scadenza, CGS potrà procedere al recupero delle merci vendute fatta salva la proprietà in forza delle disposizioni previste al pertinente paragrafo delle CGV.

RESPONSABILITÀ

Tutti gli articoli di nostra produzione sono accuratamente controllati. I danni provocati da un'errata installazione o un uso improprio non sono coperti dalla garanzia, salvo accordo specifico tra CGS e l'Acquirente. CGS non accetta resi della merce, se non preventivamente autorizzati. Gli eventuali resi autorizzati, dovranno pervenire presso il nostro stabilimento in porto franco. Qualunque pacco contenente merce difettosa, spedito in porto assegnato, verrà respinto.Se il materiale è realmente difettoso, la responsabilità di CGS si limita alla sostituzione delle parti, senza alcun risarcimento per eventuali danni diretti e indiretti causati dall'impiego dei nostri prodotti.
È fatto divieto ai clienti di eseguire qualsiasi tipo di intervento meccanico sui prodotti di nostra produzione.

RECLAMI

I reclami dovranno essere inviati entro otto giorni dal ricevimento della merce con conferma scritta. Qualsiasi tipo di reso del materiale dovrà essere approvato per iscritto dalla nostra direzione commerciale dietro presentazione dell'elenco dei materiali con la motivazione del reso. Le spese di reso sono a carico del cliente salvo accordo specifico tra la direzione commerciale di CGS e l'Acquirente. In caso di reso di un prodotto nuovo e inutilizzato ordinato per errore, il reso sarà a carico del cliente e la società CGS applicherà una penale, a titolo di spese di gestione, proporzionale alla merce resa.

FORO COMPETENTE

Il Tribunale di Novara avrà la competenza giuridica esclusiva a risolvere qualsiasi controversia che potrebbe insorgere.

GARANZIA

Tutti i prodotti CGS S.r.l. sono subordinati a controlli in ogni fase del processo di produzione e sono garantiti per un periodo di tre (3) anni dalla data di acquisto, due (2) anni di garanzia Europea più un (1) anno di estensione gratuita offerta da CGS (farà fede la data della fattura). In assenza di fattura, l'installazione sarà ritenuta avvenuta al massimo entro quattro (4) settimane dalla consegna dei nostri prodotti all'Acquirente. I prodotti colorati sono garantiti due (2) anni. Le parti di ricambio sono garantite due (2) anni.

I casi elencati di seguito sono coperti dalla garanzia:
- Difetti di cromatura.
- Riparazione o sostituzione di prodotti con difetti di fabbricazione riconosciuti dal nostro ufficio tecnico.

Di contro, la garanzia non interverrà nei casi seguenti:
- Errori di installazione e applicazione del prodotto.
- Deterioramento delle superfici cromate dovuto all'utilizzo di prodotti di pulizia contenenti acidi e sostanze abrasive.
- Deterioramento delle superfici presentanti finiture diverse da quelle cromate. La durata dei prodotti è subordinata alla cura e alla delicatezza di utilizzo.
- Deterioramento dovuto a un'installazione impropria.
- Utilizzo improprio del prodotto.
- Riparazioni e manutenzioni effettuate in modo improprio e senza preventiva autorizzazione di CGS.

La garanzia CGS non è rinnovabile.

GENERAL TERM OF SALE

These General Terms of Sale (hereinafter «GTS») of the company C.G.S. S.r.l. (hereinafter «CGS») apply to any order made to CGS by a professional buyer (hereinafter «the buyer») for all the deliveries made to all the countries CGS works to. Any order for products or provision of services implies, as an essential and decisive condition, the acceptance by the Buyer, without reservation, of these GTS, which are the basis for the sales negotiations, in compliance with the provisions of the articles of the Code of commerce in force in the various countries, and the related waiver by the Buyer of any other contrary condition, of all the general or special conditions of the Buyer, including any purchase conditions and the purchase orders, the reference contracts and the sales operating contracts, each time these conditions and/or contracts have not received CGS's prior written consent. The sales negotiations between CGS and the Buyer must be carried out with mutual respect for the interests of the Parties, fairly and in good faith.
These GTS may be amended at any time, notwithstanding the fact that any possible amendment will be notified to the Buyer and will take effect from one (1) month from receiving the notification.

PRICE

The prices stated in this Price list are approximate and not binding if not confirmed by CGS. They are intended net of taxes and are expressed in Euro ex-works. This Price list cancels and replaces all the previous editions, notwithstanding errors and omissions. The Price list represents the most up-to-date reference tool. Any errors in this Retail price list do not provide grounds for complaint. Any order made implies the acceptance of all the sales conditions reported below. CGS reserves the right to increase the prices at any time, in particular in case of an increase in production costs linked to an increase in the price of raw materials.

PRODUCTS

1. The products subject to these GTS are defined with reference to CGS catalogue, which may not constitute contractual documents under any circumstance.
2. Products are manufactured with the highest precision possible, notwithstanding the tolerances used in the sector in question. CGS reserves the right to unilaterally modify the features of the products sold, based on improvements recommended by its services, and with no obligation to modify previously delivered products (or in pending orders), and without the prints, descriptions and information reported for advertising purposes on CGS commercial documents being disputed against CGS.

ORDERS

Orders are subject to acceptance by the company and are understood to be subject to the established conditions of sale. Orders are intended as accepted at the prices and conditions in force on the date of the order. Orders and amendments to orders communicated verbally and by telephone must be confirmed by the customer in via post, fax or e-mail. Any cancellations may be authorized only with the prior written approval of CGS, which reserves the right to apply any relevant penalties or reserves the right to refuse them.
CGS reserves the right to ask the Buyer for full payment upon making the order. The order will be considered certain and definitive only after the collection of the invoiced price by CGS.

DELIVERIES / TRANSPORT / TRANSFER OF RISKS

1. Unless otherwise specified, the delivery will be made to the address specified by the Buyer at the time of the order. Regardless of the product shipping method, and deviating from the clause of retention of title established in the GTS below, the risks and hazards are transferred to the Buyer when the goods are handed over to the first courier. If the shipping is delayed due to the behaviour of the Buyer or due to a cause outside CGS's control, the transfer of the risks will take place at the time of the communication to the Buyer of a product supply notification.
2. The delivery delays mentioned in the order confirmation are stated exclusively by way of example, depending on the availability of the products and the transport, unless it is expressly mentioned that these delays are to be considered mandatory.
3. The delivery terms possibly accepted by CGS are suspended in their own right following any event that is out of CGS's control and causes a delay in the delivery, and in particular in cases of force majeure, such as any event that is beyond CGS's will or the will of one of its suppliers, unpredictable and unstoppable, of any kind, natural disasters, epidemics, bad weather, sabotage, embargoes, strikes, accidents, interruption or delay in the transport and supply of raw materials, energy or components, incidents affecting the machine tools, making the contract impossible to be executed whether temporarily or definitively. The list of the cases of force majeure is not limiting. CGS will inform the Buyer in case an event of force majeure occurs. In this case, the stated delivery terms will be automatically extended proportionally. If, despite the efforts made, CGS found it impossible to deliver the ordered goods due to force majeure, CGS will be exempted from its delivery obligation.
4. Delivery delays may not give rise to penalties, compensation, order cancellation, delivery refusal, suspended invoice payment, unless otherwise agreed by CGS beforehand. This is despite the existence of clauses to the contrary in the purchase conditions of the Buyer. In any event, only the prejudice actually suffered by the Buyer, as demonstrated and assessed, may be subject to claim for compensation, which may in any case be submitted only subject to negotiation with CGS and agreement between the parties. If no agreement can be found, the prejudice will be estimated by an expert entrusted by the Novara commercial court upon the request of the most diligent party.
5. Any change to an order that is made while the order is being executed, even if accepted by CGS, implies an extension of the set delivery term according to the methods communicated by CGS to the Buyer.
6. The Buyer must verify the products at the time of receiving them and immediately express any reservation according to the conditions established under these GTS. Any complaint will be taken into consideration only if the goods are still in the same status they were in when delivered.

EXCLUSION OF PENALTIES

No penalty of any nature may be invoiced or deducted by the Buyer from a balance of products without CGS having been able to verify that the violation and the prejudice claimed by the Buyer exist, by virtue of the articles of the Codes of commerce in force in the various countries CGS works to and without CGS having given its own prior written relevant consent. To this end, the Buyer shall provide CGS with all the documents aimed at allowing a comparative analysis of the violation claimed and stating the prejudice actually suffered. CGS will have sufficient time to analyse the documents sent and inform the Buyer with regard to its agreement or disagreement with the violation claimed and the extent of the compensation demanded. Any direct charge by the Buyer that violates these provisions will be assimilated to a payment incident that will authorise CGS to refuse any new product order and suspend any delivery under way after having notified the Buyer, or suspend the balance of rebates and other financial advantages.

CLAUSES OF RETENTION OF TITLE

Our sales are finalised upon the delivery of the goods; however, the title will be transferred to the Buyer only subsequently to the actual and complete payment of the invoice. Risks are transferred at the time of the delivery and the Buyer must guarantee the goods against any risk, including those of unforeseeable circumstances or force majeure. The Buyer and its insurer forgo in advance any appeal against CGS. CGS authorises the resale of the material delivered before the integral payment of the price, without waiving its property right.

CUSTOMER IDENTIFICATION DATA

The customer is responsible for all identification data supplied to CGS such as, for example: company name, registered office, VAT Reg. number and all the other data requested specifically by current legislation. The customer's data, pursuant to the laws in force in the various countries CGS works to, will be retained and processed in order to comply with legal obligations. All the other uses must be accepted by the customer.

PACKAGING AND SHIPPING

Packaging is prepared by highly specialised personnel. Quoted pricing includes all standard packaging. Extra packaging may be requested by the customer and provided at extra cost borne by the customer. Extra packaging is to be excluded from any refund if made by CGS.Goods travel at the customer's risk and peril. The recipient is expected to check the goods delivered and promptly inform the carrier of any damage at the time of receipt, informing CGS (even if this has been chosen by CGS). Unless otherwise agreed, transport costs will be paid by the customer.

PAYMENT AND DELAYS

1. Any delivery subsequent to an order by the Buyer will result in the issue of an invoice. Invoices are payable to CGS within thirty (30) days from the date of the invoice, via wire transfer, except in case of special conditions agreed between CGS and the Buyer. All the payments shall be made net of the commissions.
2. In case of failed payment upon expiry, by virtue of the articles of the Code of commerce in force in the various countries CGS works to, the payment of default interest will be due in full and without notice from the day after the expiry date stated in the invoice, until the day of full settlement.
3. In no case may the payments due to CGS be suspended or subject to any reduction or offsetting on the exclusive initiative of the Buyer, since CGS's prior written approval is indispensable, and this regardless of any contrary provision that may be included in the Buyer's purchasing conditions.
4. In case of delayed or failed payment, despite the orders to pay sent, CGS reserves the right, in relation to any future order, to enforce the payment guarantees as well as ensure that the delivery of the ordered goods only takes place only upon full payment of the order. For the orders to pay remaining without effect, CGS may request the sale revocation, demand immediate payment for the delivered goods, suspend any delivery and/or cancel any orders under way until all the sums due are settled in full. In case of revocation, the Buyer must refund CGS all the costs linked to the conclusion of the contract as well as the lost earnings. In case of failed total or partial payment at even just one expiry, CGS may recover the goods sold, notwithstanding their ownership by virtue of the provisions under the relevant paragraph of these GTS.

RESPONSIBILITIES

All items forming part of our production are thoroughly tested. Damage caused by an incorrect installation or improper use is not covered by the guarantee, unless otherwise specifically agreed between CGS and the Buyer. CGS does not accept returns of goods unless authorized in writing by CGS. In case of an authorised return, such return must be on the customer's account. Returned goods sent as Ex-Works will not be accepted by CGS.If the material is truly defective, CGS's liability is limited to replacing the parts, with no compensation due for any direct and indirect damage caused by the use of our products. Customers are forbidden to perform any type of mechanical intervention on our products.

COMPLIANTS

Complaints must be sent within eight days from receiving the goods with written confirmation. Any type of return of material must be approved in writing by our marketing management, subject to the presentation of a list of materials with the reason for the return. The return expenses are on the customer's account notwithstanding any specific agreement between CGS's marketing management and the Buyer. In the case of return of a new and unused product ordered by mistake, the return will be on the customer's account and CGS will apply a penalty fee, proportional to the returned goods, as management cost.

COURT OF JURISDICTION

The Court of Novara will have exclusive jurisdiction to settle any dispute that may arise.

GUARANTEE

All products manufactured by CGS are subject to controls in every phase of the production process and are guaranteed for a period of three (3) years from the purchase date (the invoice date will apply). In the absence of an invoice, the installation will be deemed as taking place within a maximum of four (4) weeks from the delivery of our products to the Buyer. The coloured and electronic products are guaranteed for two (2) years. Spare parts are guaranteed two (2) years.

The cases listed below are covered by the guarantee:

- Chrome-plating defects.
- Repair or replacement of products with manufacturing defects acknowledged as such by our technical office.

On the other hand, the guarantee will not be valid in the following cases:

- Errors during installation and application of the product.
